eLearning Center Prerequisites – Homework Assignment
April 2023

Prior to attending the first session of the Virtual Train the Trainer class, you must complete the eLearning Center requirements. Within 2 business days of registering for the Virtual Train the Trainer session, you will be assigned the Learning Program "Train the Trainer Prerequisites" on the eLearning Center.

Please note that it takes approximately 2 hours and 15 minutes to complete the eLearning courses.

We do not recommend that you complete all of the courses at one sitting. Breaking up the training over several days or sessions increases learning retention. Therefore, we have broken up the courses into several sessions for your convenience, although you can take the courses in any order that you like.

NOTE: Please refer to your class schedule for the due date of this assignment.
