

Display Cook Equipment Assignment

Introduction A variety of equipment is used by the Display Cook to prepare recipes. For your safety and the safety of your Co-workers, it is important that you operate and clean the equipment properly.

Directions In the Operations Manual, locate and read the equipment section behind the Display Cook section. Use this information to answer the questions below.

1. What do you put on the grates to prevent the flame broiler grates from rusting?
2. How do you extinguish flare-ups on the flame Broiler?
3. Why do you never put ice on a flat grill?
4. What type of brush do you use to clean sections of the flame broiler?
