

HOSPITA	ALITY		
ITEM #	Now that you have completed your Meat Person Training, answer Yes or No to the following questions or statements. For any "No" answers, be prepared to explain to your manager how you would correct the issue and find a solution.		
H-1	There is attention to Guest needs at all points of Guest interaction. Guests addressed according to the "5-Foot Rule." Guests are made to feel welcome as if they are Guests in your home. Listen for "please," "thank you," and "my pleasure," in the Co-workers personal interactions with the Guest. You should not hear "no problem," "what are you drinking," "is everything okay," or similar phrases that do not show hospitality. If No, explain in the comments.	Yes	No
H-2	The Manager is interacting with and supporting/coaching the Co-workers.	Yes	No
H-3	Appropriate smallwares and pans in view of the Guest are in place and in good condition (not chipped, bent, cracked, or dirty.) Correct pans, utensils, and smallwares are used at each respective buffet. All food is served in clean pans that are in good condition. An item-by-item count is not necessary. Stainless serving pans do not have black, scorched edges or corners. Lexan serving pans are not chipped or cracked.	Yes	No

SAFTEY 8	& CLEANLINESS		
ITEM #			
SC-1	Hand sinks are kept clean, stocked, accessible, and are used for hand washing only. Soap and paper towels are stocked, and all faucets and drains work.	Yes	No
SC-2	Hot water is readily available at all hand washing stations.	Yes	No
SC-3	Hand sinks are not used to store products or smallwares.	Yes	No
SC-4	All proper hand washing procedures are followed by Co-workers and Managers. To prevent cross contamination, hands are washed whenever job duties are interrupted. Hands are washed when arriving for work and after drinking or eating. Upon entry of meat prep areas, Co-workers wash hands first. Meat Cutter washes hands after handling raw product.	Yes	No
SC-5	2 Bucket system is in place with Peroxide Multi-Surface Cleaner and Disinfectant testing at 2350 ppm and Sink and Surface Cleaner and Sanitizer testing at .2755 oz./gallon. Dispensing stations are checked daily for proper calibration. Verify calibration at the dispensing station and all buckets. Sanitation buckets are clearly labeled. Test strips are available. All towels being sanitized between uses and in buckets when not in use.	Yes	No
SC-6	All floor tiles are clean, dry, and debris free. No floor tiles are missing. All floor tiles are secure with no grout missing.	Yes	No

Page 1 of 4 Rev: November 2022

SC-7 A pest prevention program is in place, is followed, and is effective. There is no evidence of cockroaches, rodents, rodent droppings, trailing ants, flies or fruit flies breeding, or of any other insects. (Use a flashlight to check under bars for evidence of any pests.) SC-8 EcoSure and Corrective Actions items have been addressed. Yes SC-9 Chemicals are stored away from food or food packaging. The restaurant is using only approved chemicals, and all chemical spray bottles are properly labeled and stored. Chemicals in spray bottles match labels. All core chemicals are from an approved source. Shelving is in good repair; not bent, rusted, or dirty. (Ecolab chemicals that are approved are Apex Pot and Pan Detergent, Antimicrobial Fruit and Vegetable Treatment, SMARTPOWER Flatware Presoak, SMARTPOWER Dish Detergent, , Dip-It, Grease Cutter Plus, Fast Foam Oven Cleaner, SMARTPOWER Rinse Additive, Peroxide Multi-Surface Cleaner and Disinfectant, Oasis glass cleaner, Lime Away, Sink and	No No No
fruit flies breeding, or of any other insects. (Use a flashlight to check under bars for evidence of any pests.) SC-8 EcoSure and Corrective Actions items have been addressed.
